### Recruiting Outside Players

Updated 6/20/2011

Purpose: To recruit position players from outside the Miss Shen District in very limited circumstances to:

1. Give more Miss Shen girls the opportunity to participate on a travel team.
2. Keep more girls from leaving Miss Shen for recruited teams.

A Division Coordinator may request to be allowed to recruit players as needed to field a team at the A or B level

The Division Coordinator will review the circumstances and present their findings to the Board of Directors. The Division Coordinator will bring before the Board a motion(s) specifying the number of players the team may recruit.

The Board of Directors will, by majority vote, approve or reject each motion.

The Division Coordinator and team manager will take all necessary steps to recruit specific players as approved by the Board. All tryouts and selections will follow approved Miss Shen guidelines.

Any player recruited from outside the Miss Shen district would be subject to all Miss Shen policies including Travel and Rec fees. All recruited players will be entitled to the same privileges as non-recruited players. The recruited player will be required to play in the recreational league (except as exempted by existing Miss Shen policies).
